Fort Bragg FSE ORBIT COMET 21 (Man-made Disaster)
Exercise Training Objectives

- Objective 1: Validate the Fort Bragg Garrison Emergency Management Plan. Establish and maintain a unified and coordinated operational structure and processes that appropriately integrate all critical stakeholders and supports the execution of Core Capabilities.
- Objective 2: Demonstrate Fort Bragg's C2 ability to deliver coordinated, prompt, reliable, and actionable information to the Fort Bragg community through the use of available media/mass notification systems. Ensure the EOC's ability to effectively coordinate response actions as outlined in the FB 525-27, track RFI/RFA actions in WebEOC, assign tasking's as required and deploy recovery teams as required.
- Objective 3: Notionally validate the EFAC plan on: activation process, provide mass care to displaced populace, information management (rumor control), perform Reunification Center functions and its ability to act as a temporary Safe Haven.
- Objective 4: Conduct appropriate measures to ensure the protection of the health and safety of the public and workers, as well as the environment, from all hazards in support of responder operations and the affected communities. Fort Bragg's ability to stabilize and clean up releases of hazardous materials into the environment, including buildings/structures, and properly manage waste.
- Objective 5: Conduct a Recovery Planning Process, engaging the whole community as appropriate in the development of executable strategic, operational, and/or tactical-level approaches to address all core capabilities, and integrates socioeconomic, demographic, accessibility, technology, and risk assessment considerations, which will be implemented in accordance with the timeline contained in the plan.
